School Mission Statement		
<u>Mission:</u> At the core of Gentry Academy's ability to build great leaders is the philosophy that true leadership does not come from a single characteristic but rather a collection of traits, values, and skills that work together. It is Gentry Academy's mission to strive to bring together this collection of traits, values, and skills on a daily basis so as to help the students achieve their best possible selves.		
<u>Vision:</u> Gentry Academy's vision to "Build Tomorrow's Leaders" creates the foundation which all learning and development are built upon. Through its high-quality Leadership and Life Skills Program students are guided to discover, recognize and embrace their own unique skill set, passions, and opportunities for personal growth that set them up for success in life. Students are presented with a powerful opportunity to learn in a traditional classroom setting that is integrated with the highest-caliber leadership and W.I.N. (What I Need) Time curriculum. Each student deserves not only the best opportunities to learn and grow but also should enjoy the advantage of being surrounded by innovative and passionate peers who will simultaneously challenge and support them.
